

# COMPANY PROFILE

**INFINITY**  
INDUSTRIAL SERVICE

[www.infinityindustrialservice.com](http://www.infinityindustrialservice.com)

# Introduction

Infinity industrial service is a privately-owned American company, and a consumer technology authority with a national footprint servicing the manufacturing industry. Founded in 2020 with a focus in multiple brands and products distribution which include Safety Supply, Automation and Pneumatics Products, Electrical Supplies, MRO and Industrial Supplies. As a minority owned business Our goal is to offer distributors industry leading products, marketing programs and technology, allowing you to service your customers and succeed in an ever-changing market.

We are committed to taking cost out of the supply chain whilst simultaneously delivering service levels to support our customer's goals of greater efficiency and competitiveness. Infinity industrial service is making headway as experts in value-added business to business (B2B) distribution services focused on the supply of Industrial, Commercial and Safety

## Our mission

To become (COUNTRY)'s premier provider of premium industrial products & Services, equipment, safety supplies and MRO products. Also, be professional, courteous and friendly in the way we deal with our customers. To truly understand the needs of our customers and work closely with them to provide the optimum solution every time by providing the best balance between product quality, price, service and outcome.

products to the Construction, Industrial and OEM markets. Our Nationwide network of specialist industrial branches has been strategically positioned to provide the most efficient, cost-effective and reliable distribution channel solutions, allowing us to focus on adding further value for our customers.

We have become a trusted business partner to specialty retailers, custom integrators and mass merchants through a dedication to customer service, operational excellence and a broad selection of solution-oriented products.

The variety of markets we service has led us to seek specialist manufacturers not only locally but globally with Infinity industrial service importing a vast range of products from over a dozen countries around the world. Our dedicated staff and their attention to customer service has always been the secret to our success.

## Our vision

Infinity industrial service's vision is to satisfy the needs of its customers through dedicated and professional personnel and quality products and services.

# Core values

Infinity industrial service's success is founded on our company's unwavering commitment to our core values. All of our business activities and our relationships with our business partners are defined by the six values which set us apart from our competitors and help us deliver the best performance possible to our partners.

At Infinity industrial service, safety always comes first. Striving for zero accidents and incidents worldwide, we aim to set industry standards for safety measures. Infinity industrial service employees are encouraged to be leaders in their respective roles who take accountability for their work and decisions. Our employees take ownership of their work, and as such bring a high level of engagement and involvement to their business relationships.

We are committed to excellence in every aspect of our business to remain on top. To that end, we conduct all matters with the utmost degree of integrity and responsibility. We would not be the world's leading industrial product distributor if we did not make a meaningful impact to our business partners, and as such, we strive to create the highest possible value for our partners, regardless of the task at hand.

Safety first

Commitment to excellence

Leadership and accountability

Integrity & responsibility

Employee involvement & ownership

Value creation for partners

# Service offering

Multibrand product offerings

Repair service

# Multibrand product offerings

Our business focuses on providing our clients with a wide variety of renowned brands in the industrial products and services industry while our committed sales and purchasing team is constantly sourcing for the best commercial conditions. Multibrand industrial products in our inventory and within our distribution include Drives & Soft Starter, Cables, Push buttons, Switches, Light fixtures & Bulbs, Testing Tools, Hand Tools, Cables, Batteries, Pumps, Motor, Hand and Power Tools, Storage, Office Supplies and lots more.

- ✓ Safety Supply
- ✓ Cutting Tools/ Abrasives
- ✓ Welding
- ✓ Automation and Pneumatics Products
- ✓ Electrical Supplies
- ✓ MRO and Industrial Supplies

# Repair service

In order to leverage maximum workforce productivity, reduce the risk of injury, and minimize costly downtime, we have developed a turn-key maintenance and repair department. Our highly skilled machine repair, industrial maintenance and machinist teams can maintain, troubleshoot, repair and rebuild most to all of your machinery.

We believe service is just as important as the sale itself. That's why we guarantee you'll get the service you require, regardless of whether we do it with our own knowledgeable staff or aid you in arranging repairs through another qualified repair facility.

Our repair service to:

- ✓ Improve safety results
- ✓ Reduce downtime
- ✓ Maximize cost effectiveness
- ✓ Reduce maintenance labor and material costs
- ✓ Minimize total cost of ownership
- ✓ Maximize equipment efficiency and lifespan
- ✓ Reduce industrial parts usage and cost

# Why choose us

All of your suppliers are selected in line with our company values. We invest a significant amount of time in developing personal relationships with both our suppliers and clients and we are constantly working hard to maintain our reputation. By visiting all the production lines of our suppliers on a regular basis we can constantly monitor their standards and ensure that your business is never affected by any problems we identify.

**At Infinity industrial services, we can and will make sure that you have the exact brand you're looking for. Even if we don't have it in our inventory, we will get it for you.**

## Provide quality customer service

What we do here at Infinity industrial services is very simple. We provide our customers with unbeatable service, while providing top quality products at competitive prices. We strive to abide by the Golden Rule. By treating people the way we want to be treated, our customers have come to trust Infinity industrial services and the work we do. We work alongside our customers, big and small, to make sure their unique needs are met. Our experience helps us contribute to each customer's success. By working right alongside our customers, Infinity industrial service provides that extra personal experience and expertise that sets us apart from our competitors.

## Partner with Top Manufacturers

As a manufacturing supplier, we have worked hard to align our company with industry leading manufacturers who create products for a wide variety of industries. This relationship is important because it builds on the foundation of trust that our customers have with us. We also recognize that factory support from industrial manufacturers is just as important as the products they create. We also encourage our factory representatives to periodically make visits with us to see our customers. This helps to ensure that our customers know that we will provide them with whatever level of support needed to make them successful.

## Deliver the Best Industrial Products

With access to thousands of products from our trusted mainstream partners, Infinity industrial services finds the best solution for your industrial needs. We match your business needs with the best products from our manufacturers.
